

Instructors and TAs:

On the following pages you will find various listings of the Spring 2016 courses and the administrative assistant assignments. Please note the assistant who is assigned to the course you are instructing or TAing. The assigned assistant is here to help in any course related situations that might come up this spring.* Please make a note that the policy we would like to uphold is to receive items that need to be photocopied **2 days** prior to your needs. I realize that there are times when shorter notice cannot be helped but we encourage you to honor this 2-day policy. Along with the multiple courses that the administrative assistants organize they are also responsible for other departmental duties.** Upholding this policy is very much appreciated.

*Some questions may seem course related but fall under a different umbrella such as the grader assignments (Judy), graduate studies (Beth), course room reservations (Robin), lodging for a visitor or math conferences (Lisa) etc. These should be directed to the appropriate assistant currently doing that job.**

Any work, other than your course work or jobs mentioned below, should be brought to me for distribution to the appropriate available assistant. This is to not overload any particular assistant.

Patti Strauch
Manager Department Administration

**Additional Administrative Duties (primary duties – this list is not inclusive) can be found on our website:
