

MATHEMATICS TEACHING SEMINAR

Guest Speaker: Frank Connolly
University of Notre Dame

Date: Tuesday, February 28, 2017

Time: 5:00 PM

Location: 231 Hayes-Healy Hall

Lecture Title:

ELITE SPECIALIZED UNDERGRADUATE PROGRAMS

Abstract

In this seminar session I will review the history of the Notre Dame Seminar for Undergraduate Mathematical Research. I founded it in 1989 and led it until 2013. My presentation will focus on the prospects for replicating that program elsewhere, but not exclusively in areas of Pure Mathematics. I will try to identify what aspects of it are most vital for its continued success.
