

University of Notre Dame Department of Mathematics

# MATHEMATICS TEACHING SEMINAR

**John Holmes**

University of Notre Dame

*Will give two lectures entitled:*

**"An Introduction to the Normal Distribution"**

Tuesday, April 19, 2011

***At***

5:00 PM

***In***

231 Hayes-Healy Hall

***Abstracts***

I will introduce the normal distribution and explore some of its properties. Knowledge of the discrete binomial distribution as well as the continuous uniform and exponential distributions will be assumed.
