

UNIVERSITY OF NOTRE DAME

Visitor Vaccine Attestation Form

Visitors to campus are expected to wear masks inside campus buildings and whenever else directed to do so, regardless of vaccination status (<https://covid.nd.edu/policies/visitors-policy/>). However, in order to maximize the academic or business purpose of a visit, faculty and staff may provide **FULLY VACCINATED** campus guests the opportunity to remove their mask during their active participation in a specific event (e.g. lecture, presentation, interview, etc.). The faculty/staff sponsor should complete section one and send it on to the visitor for completion. Visitors who attest that they are fully immunized against COVID-19 will be permitted to remove their mask during their specific event, but are otherwise required to comply with the Visitors Policy. Some divisions may require leadership approval prior to using this form.

University of Notre Dame Faculty or Staff Sponsoring the Visit

Section One

Name

Department

Purpose of Visit

Date(s) of Visit

When complete, email form to visitor.

Visitor must complete this section

Section Two

Name

Email

Affiliation

When I visit I will be immunized against COVID-19

*You **are** considered **fully immunized** two weeks after receiving a final dose of a COVID-19 vaccine.*

When complete, email form back to the University Sponsor.
