

MATHEMATICS TEACHING SEMINAR

Guest Speaker: Neil Nicholson

University of Notre Dame

Date: Tuesday, February 21, 2023

Time: 5:00 PM

Location: 125 Hayes-Healy Hall

Zoom URL: NA

Lecture Title:

The Underprepared Student

Abstract

For every student, the first day of class is when that course begins. Yet preparation for that moment began years ago, and for an increasing number of students, the likelihood of being optimally prepared is very unlikely. In this seminar, we will look at the changing preparedness demographics of today's students and consider research-backed approaches that can improve the chances of success for those whose mathematical backgrounds are less than ideal.
