

# ***MATHEMATICS TEACHING SEMINAR***

**Guest Speaker: Emanuela Marangone**

**University of Notre Dame**

**Date:** Tuesday, April 18, 2023

**Time:** 5:00 PM

**Location:** 125 Hayes-Healy Hall

**Zoom URL:** NA

***Lecture Title:***

**Teaching Your First Course**

***Abstract***

In this talk, I will share my personal experience of teaching my first course. This will be the starting point for an informal conversation about effective teaching using the book "A Beginner's Guide to Teaching Mathematics in the Undergraduate Classroom" (by Suzanne Kelton) as a guide. In the second part of the talk, I will introduce the Moreau College Initiative, an academic collaboration between Holy Cross College and the University of Notre Dame, that provides incarcerated men with access to higher education. I will be happy to share my experience in teaching with MIC and explain how you can get involved, including the steps you need to take if you want to teach in prison for this program. And of course, I welcome your questions and comments!
